

Support for Students

SIT strives to ensure that deserving students are not deprived of a quality education because of their financial situations. We offer an extensive range of financial assistance to help students with their tuition fees and expenses.

'FORWARD CITIZEN' INITIATIVE

SIT launched the 'Forward SITizen' Initiative (FSI) in January 2023. Supported by SIT and its donors, this initiative will help top up government-funded public bursaries, so as to fully fund tuition fees for SIT's most financially needy undergraduate students. FSI will benefit an estimated 220 eligible students annually, starting from Academic Year 2023. At the launch, 6 donors pledged a total of \$8.7 million in endowed gifts. The sum included a seed donation of \$3 million from the Quantedge Foundation, as well as other endowed gifts made through the Dou Yee Enterprises Bursary, Kewalram Chanrai Group Bursary, KKH Bursary, Kwai Fong & Raymond Goh Study Grant, and Wilmar Bursary.

(From left) Mr Suhaimi Zainul-Abidin, Chief Executive Officer, Quantedge Capital and Director, Quantedge Foundation (Singapore); SIT President Prof Chua Kee Chaing; Dr Mohamad Maliki Osman, Second Minister for Education; Mr Xie Yao Quan, Chief Executive Officer, Quantedge Foundation (Singapore); Prof Tan Thiam Soon, Institute Professor, SIT at the launch of the Forward SITizen Initiative.

SIT'S CLASS OF 2022 PIONEERS ANNUAL CLASS GIVING TRADITION

The Class of 2022 made history when they started the first-ever annual Class Giving drive to support their juniors. To commemorate their graduation, 30 Class Giving Champions from the 10th graduating cohort encouraged their peers to give \$20.22 each to support the SIT Bursary for their juniors who are most in need of financial aid. The Class Champions managed to raise 3 SIT Bursaries (valued at \$3,000 each) from 231 donors, paving the way for the future graduating cohorts to make Class Giving a tradition at SIT.

LIM LENG SWAN HOME LIVING LAB

A naming ceremony for the Lim Leng Swan Home Living Lab and the Lim Leng Swan Seminar Room was held in February 2023. Built like the interior of an HDB flat, the Lim Leng Swan Home Living Lab at SIT's future campus in Punggol will give SIT's Allied Health and Nursing students a good understanding of the living conditions of elderly or physically impaired persons and can be used for case simulation. The first for a health sciences facility at Punggol Campus, the naming was made possible by an endowed gift of \$500,000 that the Diana Koh Foundation had made through the Community Foundation of Singapore. The naming is in memory of Madam Lim Leng Swan, the mother of the late Ms Diana Koh and a trained nurse.

(From left) Ms Janet Lim, Administrator, Diana Koh Foundation, and SIT President Prof Chua Kee Chaing, unveiled the Lim Leng Swan Seminar Room at SIT@Dover in the interim. The Lim Leng Swan Home Living Lab will be named in perpetuity following SIT's move to Punggol in 2024.

SPONSORSHIPS AND BONDED SCHOLARSHIPS

Thanks to the generous contributions of industry partners, government agencies and organisations, our students can benefit from various forms of sponsorships and bonded scholarships.

In Appreciation of SIT's Donors

For the financial year ended 31 March 2023

Their impactful giving nurtures our students through bond-free bursaries, study grants, scholarships and excellence awards, while enabling us to strengthen applied learning and drive industry innovation and transformation. We gratefully thank all our donors, including those who wish to remain anonymous.
